Dear Elof:

Since writing you this morning we have changed the plan for the return trip of Bill Lee and Bill Trout so that they will be taking a plane that leaves the Los Angeles International airport at 1:10 P.M. on Friday, June 28, instead of at 9:00 A.M.. This will give them that Friday morning in which to visit either Cal Tech or UCLA or both, thus allowing you more leeway in regard to making an appointment with them. In any case, they will try to telephone you some time on Tuesday, and it would be helpful if you and Ed Lewis would have telephoned to one another before that time, so as to achieve better coordination. I am writing Ed to the same effect.

With all best wishes,

Joe
